| Food safety:                   | Suitable for foodstuffs in accordance to Framework Regulation (EC) No 1935/2004<br>German Food and Feed Code (LFGB)<br>Recommendation of the German Federal Institute for Risk Assessment (BfR XXI)<br>Category 3 "For short contact with foodstuffs" |
| Medical Device:                | Medical device, class 1, in accordance to directive 93/42/EEC<br>including its additions and amendments by Directive 2007/47/EEC  |
| Personal Protective Equipment: | Personal protective equipment in accordance to Regulation (EU) 2016/425<br>CE Category III: For irreversible or mortal risks  |

#### DISPOSAL

Dispose in accordance with the valid regulations. Gloves contaminated with chemical substances must be disposed of in accordance with the regulations for the relevant chemicals.

#### NOTICES

Glove length is appropriate to the use where the risk is minimal to the wrist area.

**Usage:** The product needs to be checked for the correct size and suitability with regard to its intended use.  
Before use check for damage and do not use damaged or unsuitable gloves.  
The gloves are intended for single use only and shall be disposed on a regular basis.

**Caution:** The product may cause allergic reactions on sensitive people.  
Particular caution must be exercised if the user has any known or suspected hypersensitivity.

The information above are to be considered as typical values in the standard version based on the manufacturer's information. Subject to modification.

The gloves shall only be used for its intended purpose. If needed we're glad to support you with further details.
